

Were you or someone you know
diagnosed with cancer?

There is HOPE

Cancer Hope Network has trained volunteer cancer survivors that can help you. Let us match you with someone who knows what being diagnosed with cancer is like.... someone who has been there.

**Call Cancer Hope Network
toll-free at 877-467-3638**

www.cancerhopenetwork.org

Cancer Hope Network, a national, non-profit organization, has been matching people diagnosed with cancer since 1981.

Who We Are...

Cancer Hope Network offers free, confidential, one-on-one emotional support to adult cancer patients and their families. This support is provided by trained volunteers who have been through a similar cancer experience and can answer many of the questions you have—questions that only someone who has “been there” can.

Who we can help...

Cancer Hope Network’s cancer survivors can talk to you about

- Being diagnosed with cancer
- Cancer treatment and side effects
- Clinical trials
- Cancer recurrences
- Long-term side effects and survivorship
- Being a caregiver
- Treatment decisions as a result of genetic testing
- And, many other issues that can come along with a cancer diagnosis

Talk to someone who knows what it’s like to go through what you are going through.

Call us toll-free at
877-467-3638 or visit
